have been submitted to initial type-testing. The manufacturer carries out a factory production control and the notified body Materialprüfanstalt für das Bauwesen Braunschweig has performed an initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA.1a of the standard

**EN 1504-3:2005**

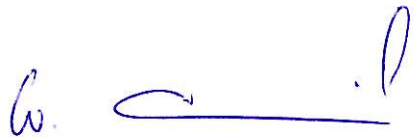

were applied.

This certificate has first been issued on 2009-10-26 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.
